

Come to Maasailand and See the Future

*I am Meitamei Olo
Dapash and I am inviting
you to join me on a
special trip to celebrate
friendship between
MERC, Rotary and the
Maasai community, and
to see the future
that we have built
together.*

Dedicated to the preservation and
empowerment of Maasai culture and homelands

You Are Invited

Maasai culture teaches us to live in harmony with the natural world, to love the earth and share with all creatures and each other. But Maasai are facing rapid change that threatens our culture and way of life.

Before coming to America, I believed that the Maasai were alone in the world. But I was wrong. I have been truly amazed by the generosity of spirit and the love shown to my community by people in the U.S.

That love inspires hope, because through friendship, my community has a fighting chance.

In July, 2020, I invite you to my home in Maasailand, to see the results of decades of friendship, the good work that has been accomplished, and the people and wildlife that are seeing a future.

The trip is sponsored by MERC, a 501(c)3 non-profit working for the empowerment of the Maasai people.

We Are Reclaiming Our Lives

We will visit three Rotary projects which are providing water to tens of thousands of people, and livestock and wildlife, liberating women's time and energy, and reinvigorating our commitment to watering schools and providing education to our children.

We are Reclaiming Our Economy

The Mara Guides Association (MGA) is changing the landscape of economic empowerment of Maasai people. We will meet with MGA leadership, with trained and certified guides, and learn about the victories in recent years through which Maasai are reclaiming our role as protectors of the land and wildlife.

We Are Reclaiming Our Land

We are enjoying many successes in our fight for the future of Maasai land, from the Mau Forest, the Maasai Mara and Mau Narok. We reclaim the lands to restore the rivers and forests, and to ensure the future for the children of the community.

Join Us July 10-21 2020
